MITCHELL

ICONIC REELS

300 PRO

The Mitchell 300 was the first ever modern spinning reel. This iconic flagship for the Mitchell brand is a blend of a modern reel featuring the latest technology and retro-cool elements. The result is lighter, smoother running... simply better! The 300 Pro version features a carbon hybrid drag that is self-lubricating, long lasting, not effected by heat build-up, and helps to reduce any spike in line tension, especially cause by an "impact" load like a hook set or head shake.

- 5.8:1 gear ratio for faster retrieve
- Self-lubricating carbon hybrid multi-disk drag system
- New Bail-Halo rotor design for superior strength
- Smoother and lighter than previous version
- 9 + 1 bearings
- Double anodized machined aluminum handle and spool
- Shallow aluminium main (braid) spool and aluminum spare spool
- New designlow-profile drag knob
- Ergonomicaly shaped EVA handle knob

498

The Mitchell® 498 saltwater fishing reels are powerful, durable tools that are designed for the tough fishing conditions at sea! Thanks to the Mitchell's bail halo design, the 498 PRO offers strength under great pressure. A legend is re-born with an iconic Mitchell® look and feel! Available in 4 different sizes to cover as many fishing types as possible.

- 6 + 1 bearing including IAR
- Double anodized aluminum spool
- Aluminum handle
- Super-Strong main gear system and sealed drag
- Saltwater ready - Durable, Strong and Powerful
- High resistance drag system: 11kg for both 398/498 sizes
- Innovative Bail Halo for superior strength in GV5H material
- Extremely strong aluminium body
- Spare spool available separately

Mag Pro TRZ

The Mitchell Mag Pro T reels are equipped with a direct drag control trigger, so you can play the drag manually while fighting the fish. Pull the trigger and you have full drag power and release the trigger to let the fish take some line. This direct control over the drag power enables you to use smaller line diameters.

- New innovative aluminum trigger drag system
- Hybrid carbon drag system
- Bail halo rotor
- 8+1 stainless steel bearings
- Carbon body and rotor
- Aluminum main spool and spare spool
- Lightweight carbon handle with EVA knob

SPINNING REELS

MX9 Spinning

The Mitchell MX9 spinning reel delivers lightweight handling and great durability thanks to quality materials. The lightweight, magnesium body, rotor and sideplate are protected with proprietary 3 step coating to provide corrosion resistance and durability. Its solid titanium main shaft is strong and light. Carbon handle with EVA knob is lighter than comparable Mitchell aluminum handles. This flagship spinning reel sets new standards in Mitchell reel design and thanks to its extremely low weight it will keep you going strong all day long!

- High performance, shielded, and friction reducing bearings
- CNC Machined aluminum main gear - Precision manufacturing for smoothness and durability
- Skeletonized Spool design for balance and low weight
- Carbon Handle - Lighter than aluminum
- Titanium Main Shaft - Reduces weight
- 10 Stainless Steel Ball Bearings - Corrosion resistant
- Feather light Magnesium Body and Rotor technology
- Slow Oscillation for excellent line management
- Fully sealed Carbon Drag - self-lubricating, smooth
- Carbon Arbor - Lightweight hybrid carbon and aluminum spool design
- Durable titanium-coated line roller

MITCHELL

Mag Pro RZ

The Mitchell MagPro RZ spinning reels have a very compact design and low weight thanks to the use of carbon infused material in the body and the rotor. The high-end Nitrile Sealed Hybrid drag system that uses both carbon and greased felt washers ensures long-term smoothness, and makes sure you are ready to fight big fish at all times.

- Nitrile Sealed Hybrid Carbon Drag System
- Flat Carbon Handle
- 8+1 Stainless Steel Bearings
- Carbon Fibe' Body and Rotor
- Aluminum Anodized Spool and Spare Spool
- Innovative Eail Halo for superior strength

MITCHELL

MX6 Spinning

The Mitchell MX6 offers great features and performance, delivering a reel that will impress over and over again.

- Graphite Body and Rotor - Lightweight graphite reel construction
- Sealed Drag System - Sealed drag washers, lubricated, smooth performance
- Aluminum Handle - Durable aircraft grade aluminum
- Aluminum Bail - Thick aluminum bail wire design
- 10 Steel Ball Bearings - Corrosion resistant (20 size reel is a 7 BB System)
- Braid Ready Spool - Allows braid to be tied directly to spool
- Slow Oscillation Gearing - Improves line lay and minimizes line twist
- Soft Touch Knob - Soft touch rubber knob provides excellent grip and comfort

COARSE FISHING REELS

Full Runner MX8

Huge line capacity, free spool and still extremely compact Thanks to a new Mitchell designed compact free spool system, the new Full Runner offers carp anglers the most compact free spool reel with the largest line capacity Mitchell has made. The reel allows you to fish with a free spool function at long distance, while keeping the overall reel size as compact as a standard front drag long cast reel. With a such a short, compact body, combined with a large line capacity, the Mitchell Full Runner reel is designed to give the angler the ability to fish with a free spool system, while having enough line on the reel to get to those hard to reach fish. The ease of a compact size free spool reel, while offering huge line capacity for long distance carp fishing using the Mitchell Full Runner MX

- New compact free spool system - Resulting in a short, compact body
- Aluminum Bail - Thick aluminum bail wire design, rigid to prevent misshaping
- Ergonomic soft-touch handle knop
- Braid Ready Spool - Allows braid to be tied directly to spool
- 7 + 1 Stainless Steel Ball Bearings - Corrosion resistant
- Slow Oscillation for excellent line management
- Aluminum Handle - Durable aircraft grade aluminum
- Super smooth micro-adjustable free spool function
- Strong polymeric body

MITCHELL

Full Control MX8

The Mitchell Full Control reel is designed to give the angler the full control over the drag resistance. Mitchell's Full Control comes with a strong and reliable trigger system that offers the angler a direct way to slowly increase or decrease the drag pressure while playing the fish. This way they can to anticipate sudden actions of the fish and instantly react when more change the pressure as needed, without having to turn the drag knob back and forward. Quickly and intuitively adjust the drag resistance with one finger while fighting the fish using the Mitchell Full Control!

- New aluminum trigger drag system
- Oversized rotor and spool design - increased line capacity
- Aluminum main spool and spare spool
- Rubber finger rest on trigger - secure grip and comfort in cold weather
- 8+1 stainless steel bearings
- Hybrid carbon drag system - self-lubricating, smooth
- Extremely light carbon body and rotor technology
- Lightweight carbon handle with EVA knob

MITCHELL

Avocet Match RZT

The Avocet Match reels have been especially designed for modern match, float and surface fishing. All types have a high gear ratio (6.0:1) for ultra fast retrieve, which results in roughly 100cm of line per handle turn! This is incredible for a compact reel like the Avocet. They are supplied with a shallow match spool with the clever line-ID rims. The special dual line clip system (with metal clips) allows the angler to unlock the line quick and easy or to fix the line at two exact casting distances.

- Match R available in RD, Match RZ in both RD and FD, Match RZT in FD
- The Match RZ FD comes in a 600D nylon zip pouch with 3 spare spools
- 6.0:1 gear ration for very fast retrieve
- One-touch quick folding handle
- Shallow aluminum spool with line-ID system
- Innovative double line clip system on spool
- Instant Anti-Reverse
- Multi-Disc Drag Greased Felt
- Soft Touch Knob

FREE SPOOL REELS

Avocast Free Spool

Carp anglers like to use Free Runner reels, for important reasons. This new series is based on famous Avocast reel which is a success thanks to its great features where we have added a perfect new free spool system. The ultimate tool for the avid angler you are ! In addition of the 2 carp sizes, we have 2 smaller sizes which will be perfect for all sensitive fishing techniques like coarse fishing or sander fishing.

- 7 + 1 bearings including IAR
- Double anodized Aluminum spool with exclusive pattern
- Slow oscillation system
- Thick and resistant bail
- Aluminum handle and comfortable knob
- Innovative Bail Halo for superior strength
- Extremely strong advanced polymeric body
- Spare spool available separately

Suprema 2.0 Tele Adj Comp Trout

Compt-trout tele-adjustable serie are compact light weight rods that are especially deisgned to fish for trout in difficult conditions. What makes these rods stand out is the extremely short transport length: the 8m version is only 105cm long when stored. Amount of sections: 3 for the 6m, 4 for 7m and 5 for 8 m. With these strong rods come very strong double leg Fuji guides.

- Sensitive and robust tip thanks to 'Sensitip' technology
- Light weight and strong thanks to XWrappin and Xstrenght construction
- Fuji double leg guides - strong and perfectly suitable for braid
- Extra fast action, very powerful blank
- Designed & engineered in Italy

MITCHELL

Suprema 3.0 Troutista

NEW

A complete range of telescopic lake trout rods of incredible quality. The entire range (with the exception of actions 7 and 8) is equipped with a super sensitive solid carbon tip that is directly connected to the second rod part. This makes the rod bend in a consistent curve under pressure which is important to get the most out of the rod while fighting a fish. The light weight Fuji® guides used on the rods also ensure very little interference with the rods action.

- Quality Fuji® guides
- Color coded Designed in Italy
- High performance 30T carbon blank construction
- Sensitip Technology that combines super sensitive bait registration with incredible strength

MITCHELL

Suprema 3.0 Africa

NEW

This rod is designed for extreme heavy fishing conditions like sturgeon fishing in ponds or heavy-duty surfcasting. All features have been carefully developed to create a high performance rod like this. Heavy-duty guides, an oversized reelseat and an extra tough carbon blank that still is sensitive enough to bring absolute joy whilst fishing.

- High quality Seaguide guides
- Saltwater resistant components
- Tough 3-piece blank for heavy-duty fishing
- 2 screw-in butt caps for comfortably fighting big fish
- Designed in Italy

Suprema 3.0 SensoBeach

NEW

These beach ledgering rods have been carefully designed by our international pro team and are the ideal tool for beachfishing matches and calm conditions with little current. They combine combine surfcasting with beach quiver. The ultra light-weight and slim blank has a fast parabolic action that is combined combined with a very sensitive tip. The solid carbon tip is made using the Mitchell Sensitip technology and enables you to detect even the most cautious bites. During the long testing phase, even less experienced anglers could reach extreme distances with relatively low weight. Comes with 3 interchangeable tips with their own unique test curve.

- High quality Seaguide anti-tangle guides
- 3 solid carbon tips with Sensitip Technology for sensitive bait registration with incredible strength
- Designed in Italy
- Slim 3-piece 30T carbon blank, extremely light weight
- Fast parabolic action for extreme distance casting with low weight
- Saltwater resistant components

Suprema 3.0 Surf Master

NEW

The development of the Surf Master took 2 years of development and testing.A high modulus carbon blank was created that combines the right flexibility and strength with unrivaled tip sensitivity. The diameter of the rod is very thin,which makes the Surf Master slim and very reactive, making it a typical casting machine. Mitchell's SensiTip technology gives this rod a very sensitive tip, able to transfer even the most cautious bites. Complete with Fuji® guides, these casting machines could be the best quality for the price you can find out there!

- Quality Fuji® KWAG guides and MNAT tip guide
- Sensitip Technology that combines super sensitive bait registration and incredible strength
- High performance 30T carbon blank construction
- Power rear grip with Japanese shrink wrap for extreme distance casting
- Designed in Italy

Suprema 2.0 Feeder (Light and Medium)

Suprema Feeders are high-profile rods made out of high modulus carbon, strengthened by Mitchell's 'X-Wrappin' technology. The rods have a fast action, a slim blank and are very sensitive. The SIC guide setting has been optimized to optimally use the perfect curve of the rod when fighting the fish. Three different carbon tips gives you a wide choice in terms of bite detection sensitivity.

- Sensitive and robust tip thanks to 'Sensitip' technology
- Designed & engineered in Italy
- Braid Friendly SIC Guides
- Light weight and strong thanks to XWrappin and Xstrenght construction
- 30T carbon

MX4 Spinning Combo

NEW

The Mitchell® MX4 combos are true workhorses that have been carefully put together to offer ots of joy when targeting Europe's most popular freshwater species. Mitchell ® performance and quality at an extremely high value.

- Carefully designed actions that cover most European fishing styles
- 7 ball bearings
- Lightweight aluminum spool
- 24T graphite blank construction for lighter weight and increased sensitivity
- Stainless steel braid resistant guides

Revo® MGXtreme® 2 Low Profile

Setting the standard in lightweight, compact design; the MGXtreme low profile baitcaster continues to push the boundaries of low profile design with the lightest Revo® yet weighing in at just 4.5 ounces. The MGXtreme low profile reel combines the new SLC spool concept, with hybrid ceramic bearings resulting in a reel with first class casting performance in a package that weighs almost nothing in the hand.

- 8 stainless steel HPCR™ bearings + 1 roller bearing
- One piece X-Mag™ alloy frame
- C6 carbon sideplates
- Infini II™ spool design
- Round cork knobs
- Ti coated line guide reduces friction and improves durability
- Lube port
- Custom lightweight handle design
- 2 additional CeramiLite Spool Bearings
- Carbon Matrix™ drag system
- IVCB-4™ braking system
- Compact bent carbon handle
- Aircraft grade aluminum main gear
- Recessed reel foot
- Super lightweight concept (SLC™) spool design
- Carbon star drag design

Revo Toro® Beast™ Low Profile

NEW

Engineered for brute strength and unrelenting performance, the Revo® Toro® Beast™ low profile reel delivers a unique platform designed for hard pulling species. Cranking power and a high line capacity give anglers the upper hand on a variety of freshwater species. An aggressive body design creates a more ergonomic feel while adding power and high gear efficiency.

- X-Cráftic™ alloy frame and sideplate
- D2 Gear Design™
- DuraClutch design

Revo® MGX® 2 Low Profile

After years of defining lightweight performance and forward-thinking design, the Revo® MGX® low profile baitcast reel sets the standard again in compact, lightweight performance. The IVCB-4™ braking system allows almost limitless adjustments in casting control while the ground-breaking one piece X-Mag™ alloy frame along with C6 carbon side plates delivers significant weight reduction without sacrificing strength and durability.

- 9 stainless steel HPCR™ bearings + 1 roller bearing
- One piece X-Mag™ alloy frame
- Carbon Matrix™ drag system
- C6 carbon sideplates
- IVCB-4™ braking system
- Infini II™ spool design
- Compact bent carbon handle
- Flat EVA knobs
- Aircraft grade aluminum main gear
- Ti coated line guide
- Recessed reel foot
- Lube port

Abu Garcia®

Revo® Winch Low Profile

Whether you find yourself on Clear Lake, Lake of the Woods or Lake El Salto big baits are a necessary evil and finding a reel that can handle the stress of throwing these baits can be exhausting. Built for crankbait fishing and other high resistance baits, the Revo® Winch low profile baitcast reel is designed with a low 5.4:1 gear ratio for added cranking power. The improved, more efficient and powerful D2 Gear Design™ combined with the extended throw handle and oversized knobs allows for effortless hours of cranking power.

- 8 stainless steel ball bearings + 1 roller bearing
- Winch gear ratio allows for a slower presentation
- X2-Cräftic™ alloy frame
- Aluminum handle sideplate combined with c6 carbon sideplate
- Power Stack Carbon Matrix Drag System™
- Duragear™ brass gear

Abu Garcia

Silver Max Low Profile

The latest generation of the Silver Max baitcast reel series incorporates updated styling with advanced ergonomics. Notable advancements include a new Rocket clutch mechanism that gives anglers the ability to engage/disengage the spool with one hand. This feature eliminates the need for anglers to turn the handle for engagement and is perfect for pitching, flipping or back trolling fishing techniques.

- 5 stainless steel ball bearings + 1 roller bearing
- Machined aluminum spool
- Power Disk™ drag system
- Duragear™ brass gear
- MagTrax™ brake system
- Compact bent handle and star
- Recessed reel foot
- One piece graphite frame

Ambassadeur® STX Round Reel

The ambassadeur STX round reel delivers the ultimate combination of value and smooth performance in durable package. Engineered with a 4 + 1 stainless steel bearing system, powerful multi disk drag and compact bent handle and star, the ambassadeur STX fits the bill for a variety of species and techniques. The recessed reel foot allows the reel to sit low on the rod, making it easier to palm and cast. Available in left and right hand models, the STX includes a 5600 size model that holds 230 yards of 14lb test mono and a 6600 size that holds 255 yards of 14lb test mono.

- 4 stainless steel ball bearings + 1 roller bearing
- Multi disc drag system
- Compact bent handle and star
- 6 pin centrifugal brake
- Synchronized level wind system

Ambassadeur® 7000 C Round

As big on performance as they are on durability - the Abu Garcia 7000 round reel features a synchronized level wind system that provides even line lay and a smooth retrieve. The updated extended bent handle with power knob gives anglers an edge by increasing torque and aligning the cranking hand closer to the reel for more efficient fighting power. The smooth and consistent multi disc drag system delivers pressure throughout the entire drag setting. Each 7000 fishing reel is constructed with a corrosion resistant instant anti-reverse bearing, Duragear™ brass main gear and a four pin centrifugal brake for controlled casts.

- Corrosion resistant instant anti reverse bearing
- multi disc drag system
- Duragear™ brass gear
- 6 pin centrifugal brake
- Extended bent handle with power knobs
- Synchronized level wind system

Abu Garcia®

Ambassadeur® 7000i Trolling

Designed with over 50 years of experience, the original innovators and creators are back with a series of reels that will take your angling to the next level! Stronger, better and more hard wearing than any other reel that Abu Garcia have designed. A new drag system using Teflon(TM) Drag washers on the 7000i or carbon matrix drag system on the 7000i synchro and BG 7000i HSN series reels means these reels have the power to land the fish of a lifetime, everytime! SyncroDrag. High tech instant tuning at your fingertips, with the smooth, steadfast precision of our patented Syncro and carbon matrix drags. Calibrated line counter and the synchronized levelwind makes the Syncro the ultimate trolling reel. Two new Ambassadeur 7000i Trolling available, one including line counter (meters)

- Corrosion resistant instant anti reverse bearing provides greater protection
- Power Disk(TM) drag system gives smooth drag performance
- Duragear(TM) brass gear for extended gear life
- Line out alarm
- Power Handle

Ambassadeur® 7000i Salmon Special LC

Why use a line Counter reel? A question often asked by many anglers. The Ambassadeur Line Counter's main use is its ability to find fish at different levels when boat fishing. Instead of the angler having to count the number of turns up or down to the bite zone, the Line Counter does this automatically with the read out display that is found on the left-hand side plate.

Alphamar LC Syncro

In addition to a mechanical line counter that displays the amount of line out in meters (LC16 in feet), the Alphamar LC Syncro incorporates a highly adjustable syncro drag system. By cranking the handle 1/3 of a turn in a counterclockwise motion, a 50% decrease in drag pressure is achieved. This feature is especially useful when using downriggers as it allows baits to be dropped easily without having to disengage the reel.

- 2 stainless steel ball bearings provides smooth operation
- Carbon Matrix drag system gives smooth drag performance
- Syncro(TM) drag allows drag pressure to be quickly reduced without changing the drag setting
- Duragear(TM) brass gear for extended gear life
- Line Counter
- Graphite frame and sideplates
- Extended throw paddle handle for increased power
- Machined aluminum spool provides strength without adding excess weight

Abu Garcia

Revo® MGX® Spinning

NEW

Redesigned for 2019, the new, compact Revo® MGX spinning reel's lighter weight design is built for the discerning angler. To achieve super-lightweight performance, construction starts with a unique X-Mag magnesium alloy one-piece gear box design without an IAR system for no-slip clutch performance. The addition of a new carbon reinforced bail arm cuts down on weight without sacrificing strength. Premium Aluminium machined gears provide outstanding gear feel, durability and performance. A 10+1 HPCR™ bearing system delivers e xceptional corrosion resistance and super-smooth operation.

- 10 stainless steel HPCR™ bearings + 1 roller bearing
- AMGearing™ system
- Computer optimised gear design
- Carbon Matrix™ drag system
- One piece X-Mag™ alloy gear box
- C6 carbon body
- C6 carbon rotor
- Rocket Line Management™
- Rocket Spool Lip Design™
- Compact bent carbon ha ndle
- Ergonomic EVA knob
- Machined Aluminium braid ready spool
- Aircraft grade Aluminium main shaft
- Everlast™ bail system
- Slow oscillation
- Includes spare spool and protective fleece bag

Revo® Premier Spinning

The Revo® Premier: precision engineering at its finest. It starts with our advanced aluminum machined gear system that gives anglers ultra-smooth gear feel and performance. To reduce weight, the Premier spinning reel uses high-end components including an IM-C6™ body design, a C6 carbon stem and rotor, a carbon fiber handle and an EVA knob. Our Carbon Matrix™ drag system ensures smooth and efficient drag pressure and extreme durability. Casting efficiency is maximized by the Rocket Line management™ system that improves casting distance while reducing wind knots.

Revo® Inshore Spinning

Hard fighting inshore species have met their match. The Revo® Inshore spinning reek has been specifically engineered to handle the abuse of hard pulling fish as well as corrosive saltwater fishing environments. We started with an upgraded Insert Molded C6 (IM-C6™) carbon body design, combined it with a powerful machined aluminum main gear and added our tried-and-true Carbon Matrix™ drag system for efficient drag performance. HPCR™ bearings give anglers exceptional corrosion resistance and deliver ultra-smooth performance for the long haul. *40 and 60 size utilizes an all-aluminum body

- 6 stainless steel HPCR™ bearings + 1 roller bearing
- AMGearing™ system
- Computer optimized gear design
- Carbon Matrix™ drag system
- C6 carbon rotor
- Lightweight aluminum rotor (60 size)
- IM-C6™ (Insert molded C6) body design combines an X- craftic™ gearbox design with a C6 carbon body, (30-35 sizes)
- X- Cräftic™ alloy body (40-60 size)
- Rocket line management™ system
- Rocket spool lip design™
- K-Clutch™ anti reverse (30-40)
- Large EVA knobs
- Machined aluminum braid ready spool allows braid to be tied directly to the spool without any slip
- Stainless steel main shaft and components
- Everlast™ bail system
- Slow Oscillation provides even line lay with all types of line
- Designed for saltwater applications

Revo® Winch Spinning

NEW

The Revo® Winch Spinning offers an ideal gear ratio for presentations requiring a more controlled, slower presentation. Even difficult to manage fluorocarbon lines are easily managed with its Rocket Line Management System™. So whether you're throwing smaller crankbaits in cold-water conditions, swimbaits or spybaits, the Winch spinning reel with AMGearing™ is ideal for a variety of techniques.

- 8 stainless steel HPCR™ bearings + 1 roller bearing
- AMGearing™ system
- Carbon Matrix™ drag system
- C6 carbon rotor
- Rocket spool lip design™
- Flat EVA knob
- Stainless steel main shaft and components
- Slow Oscillation
- Winch gear ratio
- Computer optimized gear design
- IM-C6 body design
- Rocket Line Management System™
- K-Clutch™ anti reverse
- Machined aluminum braid ready spool
- Everlast™ bail system

Revo® STX Spinning

Like its low profile counterpart, the Revo® STX spinning reel is built on a foundation of high quality components and lightweight design. At its core is a machined aluminum main gear design that delivers superior gear feel and performance. Durable HPCR™ (High Performance Corrosion Resistant) bearings, a C6 carbon rotor and stem and a braid ready spool translate to a super-smooth fishing experience. Engineered to outperform.

- 9 stainless steel HPCR™ bearings + 1 roller bearing

Revo® SX Spinning

The Revo® SX spinning reel takes cutting edge design to the next level. By utilizing an Insert Molded C6 (IM-C6™) carbon body design that incorporates a one piece aluminum gear box, the latest Revo SX is lighter than the previous generation while maintaining excellent rigidity. Improved gear feel and outstanding durability are the result of an all-new machined aluminum gear design.

Revo® S Spinning

Smooth performance meets unique design in the updated Revo® S spinning reel platform. Class-leading features such as the Insert Molded C6 (IM-C6™) carbon body design, a Carbon Matrix™ drag system and HPCR™ (High Performance Corrosion Resistant) bearings make this Revo spinning reel a fierce contender. A compact and lightweight design deliver all-day comfort on the water while the bold white cosmetics are sure to turn heads.

- 7 stainless steel HPCR™ bearings + 1 roller bearing
- Carbon Matrix™ hybrid drag system
- IM-C6™ body design
- Lightweight graphite rotor
- Rocket line management™ system
- Rocket spool lip design™
- Large PVC knob
- Machined aluminum braid ready spool
- Stainless steel main shaft and components

Orra® 2 S Spinning

The next generation of Orra(TM) S spinning reels exemplifies sleek reel design and performance in a compact package. An aluminum reinforced C6 carbon body design seamlessly combines the X-craftic gearbox with a C6 carbon body. The result is a lightweight body that houses gears in perfect alignment. 6 stainless steel HPCR(TM) bearings + 1 roller bearing provide increased corrosion protection while maintaining smooth and consistent operation. The new Rocket line management system provides better casting control of all types of fishing lines. Working in tandem with the Rocket spool lip design, this system actively controls the line coming off the spool for improved control and accuracy. A stainless steel main shaft and components improve corrosion resistance while the Everlast(TM) bail system delivers improved durability. The Carbon Matrix(TM) hybrid drag system delivers super smooth drag performance throughout the drag range.

- 6 stainless steel HPCR(TM) bearings + 1 roller bearing provides increased corrosion protection
- ARC-6 (Aluminum re-inforced C6 carbon) body design combines an X-craftic gearbox design with a C6 carbon body, which gives a lightweight construction that houses gears in perfect alignment
- Rocket line management system provides better control of all types of fishing lines
- Rocket spool lip design allows better control of line coming off the spool
- Machined aluminum braid ready spool allows braid to be tied directly to the spool without any slip
- Slow Oscillation provides even line lay with all types of line
- Carbon Matrix(TM) hybrid drag system for super smooth reliable drag performance
- Everlast(TM) bail system for improved durability
- Stainless steel main shaft and components for improved corrosion resistance

Cardinal® STX

The Cardinal reel made its debut in 1965 and has grown to be a hallmark for long lasting durability at a remarkable value. We've upgraded the design with modern styling and performance. The new Cardinal STX, SX and S introduce a new high performance era in the tradition of the Cardinal family.

- 6 ball bearings + 1 roller bearing provides smooth operation
- Lightweight graphite body and rotor
- Machined aluminum spool provides strength without addiing excess weight
- Everlast(TM) bail system for improved durability
- Slow oscillation provides even line lay with all types of line

Abumatic Synchro

Classic dependability with modern performance.

- Aluminum Body and Front Cone
- Ultra-Smooth Carbon Matrix(TM) SYNCRO Drag System
- 4 Bearing Duragear(TM) Drive with Instant Anti-Reverse
- Oscillating Far-cast spool with No-twist line system
- Dual Rotating Swing-Arm Pick-Up Pins
- Easy one-touch casting
- All Saltwater Protected
- Pre spooled with 12lb Berkley® Trilene® XL

Abu Garcia

Abumatic® STX Spincast

Engineered to outperform, the Abumatic® STX takes spincast reel design to the next level. A 4 bearing system ensures smooth and efficient operation. Other upgrades include a QuadCam engagement mechanism that results is faster line engagement on the retrieve. An aluminum frame and cone round out the list of features of the STX's modern design. Pre-spooled with Berkley® Trilene® XL® monofilament fishing line.

- Aluminum Body and Cone
- S-Matic™ Casting Design
- QuadCam Pickup System
- 4 Bearing System
- Ultra smooth drag system
- Pre-spooled with Berkley Trilene XL

Abumatic® SX Spincast

Modern design and advancements in spincast fishing reel technology make the Abumatic SX spincast reel stand out from the crowd. Construction starts with a graphite frame and stainless steel front cone. A snubberless casting system challenges traditional spincast design by utilizing the pickup pin to initiate casting instead of pinching the line against the cone. This equates to an increase in casting efficiency and a reduction in line wear. The QuadCam engagement mechanism initiates faster line engagement on the retrieve. Pre-spooled with Berkley® Trilene® XL® monofilament fishing line.

- S-Matic™ Casting Design
- QuadCam Pickup System
- 3 Bearing System
- Ultra smooth drag system
- Pre- spooled with Berkley Trilene XL

MKII 506

We have linked the name and cosmetics of this reel to the famous original 506 The 706 was proved to be the best selling UK ABU reel for several years and by using our engineers and consultants we have made some key changes to improve the reel further and becoming 506 MKII! - New handle assembly is more secure and the syncro drag is more efficient (added carbon washers) - Improved gear components have made the reel feel smoother and more powerful - Improved the gear lock design - now the pin secures the gear without damaging it - Added arrow on the reel rotor to help show the correct direction to remove - Improved the push button / pin release mechanism. Is now more positive and reliable - same original 506 - New ceramic coated line pin that reduces ware and increases winching power - Improved the chenille quality so it works correctly

- Advanced Polymeric body with aluminium front cone
- On / Off instant anti-reverse switch
- Supplied with 3 x shallow, 1 x deep spool, Deluxe reel case
- Ultra smooth syncro drag
- Saltwater protected

Rocksweeper Spinning

The Rock Sweeper rod family has gained a number of achievements since its introduction. It's tough, has the latest spec and yet still an ultra- high sensitivity. The blanks is built on the 3M Powerlux technology system. The evenly distributed nano particles prevents cracks in the blank material while the dense construction dramatically improves the tip and overall break strength.The Rocksweeper rods are equipped with Fuji components for highest possible durability and quality.When only the best will do, the Rocksweeper rod series delivers uncompromising performance.

- High density EVA gives greater sensitivity and durability
- Fuji© guide system
- Featuring exclusive 3M Powerlux 1000 resin technology for ultra-light thin blanks with superior impact and fracture resistance.
- Fuji© soft touch reel seat for greater comfort

Iaconelli 'IKE®' Signature Spinning

Designed specifically for the European market by Bassmaster Classic® winner Mike "IKE" Iaconelli , the Abu Garcia® IKE® signature series rods cover everything you would need for all types of freshwater predator fishing, from light dropshot, to heavy jerkbait and everything in between. The rods feature Powerlux™ 300 carbon fiber resin which makes the rods super light weight and at the same time much stronger than conventional carbon rods.

- Fuji reel seat for greater comfort
- High density EVA for more durability
- 3M Powerlux 300 Ultra-light weight blank design with increased sensitivity
- Stainless steel custom guides with Zirconium inserts
- Mike Iaconelli approved actions

Svartzonker X Spinning

NEW

The brand new Svartzonker X range of Abu Garcia pike rods and combos are created in close cooperation with the legendary Swedish predator angler Claes "Svartzonker" Claesson. The rod cosmetics, blank action and components are developed to fit Svartzonker's needs and taste as a demanding pike angler. Available as a casting and spinning version. Combo version available featuring the proven Revo-X reels. These rods and combos show that great quality doesn't have to be extremely expensive!

- Strong, but sensitive 30T carbon blank
- Seaguide Atlas Performance XBG guides
- Design by Claes "Svartzonker"Claesson for big pike
- Bold & edgy orange design
- Seaguide XCES blank-exposed reel seat
- Quality high-density EVA for durability & improved sensitivity

Volatile Pike

Whether you are targeting species like pike, zander, cod or helibut the same high performance NanoTechnology utilized in the Veritas series is now available in actions perfectly suited for these applications. Pair the new Volatile with the Revo Inshore low profile, Amassadeur Jerk and spinning reels, or Revo Toro NaCl for the ultimate heavy application.

- Stainless steel guides with zirkconium inserts
- Fuji ECS (casting)
- guides : SS Frame / Zirconium Oxide Inserts
- 30 ton graphite blank with Nano technology for decreased weight and increased impact resistance
- Hi density EVA handle design for greater sensitivity and durability
- Will match the Revo Toro NaCl, Ambassadeur 5601 Jerk and Orra inshore series

Victis Casting

The Abu Garcia Victis™ rods are specifically engineered to be lightweight, with increased hand sensitivity. The performance is of superior quality and features VCarbon tip construction, titanium alloy guides with zirconium inserts, ROCS guide train, high density EVA, and an soft touch up locking reel seat. The reel seat is designed in true Abu Garcia extreme exposure fashion, and allows for both improved reel fit and comfort.

- Stainless steel guides with Zirconium inserts
- 30 Ton Graphite Blank Construction
- Soft touch ratcheting reel seat

Vendetta LTD Spinning

NEW

The next generation of Vendetta incorporates new Winn® advanced polymer Dri-Tac grips as well as IntraCarbon(TM) Technology to create a layer of multi-directional carbon fibers that provides a lightweight protective barrier on the rod blank without adding weight. The aggressive design of the Vendetta is only matched by the balanced feel, creating the perfect harmony between rod and reel, thereby allowing for greater sensitivity and control.

- One piece aluminum screw down hood creates a secure connection
- Abu designed extreme exposure reel seat for increased blank
- High density EVA gives greater sensitivity and durability
- IntraCarbon(TM) technology provides a lightweight barrier to improve durability contact and sensitivity
- Winn® advanced polymer Dri-Tac grips
- Texas rigged hook keeper for all bait applications
- 30 Ton graphite for a lightweight balanced design
- Stainless steel guides with Zirconium inserts

Venturi Casting

The Venturi series of rods delivers on-the-water performance and style in a balanced, lightweight design. Construction starts with a 30 Ton high modules graphite blank that is paired up with stainless steel guides. Full cork handle ensure comfort and durability. The Venturi series gives excellent performance at a great value.

- Full cork handle for durability
- Stainless steel guides
- 30 Ton graphite blank for a lightweight and balanced design
- DPS reel seat
- Extensive range of Scandinavian style of actions

Diplomat Spinning

Over the last few years, more and more anglers are prepared to travel to catch fish, and that's why we designed the Diplomat Spin Series. High quality 24 ton graphite construction, wooden reel seat, finished with an attractive cork handle and an SS304 guide system. These are four-piece rods that are easy to travel with, and are supplied in a protective Cordura tube. The Diplomat series comes in 8, 9, 10 and 11'6" lengths.

Suveränn Boat & Uptide

The legendary Suveräns have been upgraded to incorporate a 30 ton Carbon blank, full Fuji SIC guides, a ALPS reel seat and a high-density EVA handle. They are available in four lengths with sweeter, tougher actions suitable for both mono and braid. The rods have been designed and tested to destruction to give you the power and finesse that we believe was previously unachievable.

- Fuji Guides
- Carbon blank with part weave finish
- Woven reel seat
- Classic short butt long tip
- Alps TRI reel seat
- Uptide extendable handle

Revo® X Casting Combo

Introducing the limited edition Abu Garcia® Revo® X spinning and casting combos. Packed with iconic Abu Garcia features, we've added custom rod grips by Winn® for increased tackiness and a sure grip. Offered in a wide array of colors to appeal to any angler!

- 7 stainless steel ball bearings + 1 roller bearing
- Carbon Matrix™ hybrid drag system
- D2 Gear Design™
- MagTrax™ brake system
- Stainless steel guides with zirconium coated inserts
- Winn® advanced polymer Dri-Tac grips
- X2-Cräftic™ alloy frame
- Duragear™ brass gear
- DuraClutch™ design
- 24 ton graphite

Pro Max Spinning Combo

- Lightweight graphite body and rotor
- Everlast bail system for improved durability
- 24 Ton graphite for a lightweight balanced design
- 6 ball bearings + 1 roller bearing provides smooth operation
- Machined aluminum spool provides strength without adding excess weight
- Slow oscillation provides even line lay with all types of line
- Rocket line management system provides better control of all types of fishing lines

Rocket Popper

Perch

Mackerel

Shore Minnow

Tiger

Blue Mackerel

Silver Chrome

Red Head

Noise attracts when it comes to surface fishing for predators - and the Rocket Poppers from Abu Garcia are certainly designed to cause a noisy commotion as the angler works them back, anticipating a spectacular smash take at any second. The Rocket Popper is very effective in fresh and salt water. You can simply pop it or you can have a terrible " walking the dog" action.

Hi-Lo Jointed Sinking

Eelpout | Blue Silver | UV Orange/White/Yellow | Parrot | Perch

Firetiger | Red Head | Golden Roach | Black/Silver/Orange | Black/Red

The Hi-Lo is unique amongst wobblers. With its adjustable lip vane you can decide the depth you wish to fish. Hi-Lo attracts predators like pike and zander, whilst the smaller sizes are perfect when hunting specimen perch. New for 2018 is a redesign of the adjustable lip system that makes the lip stay in position.

With its slender shape, the Beast Zander Shad is the ideal go-to paddle tail for zander. No matter if you fish it vertically from a (belly) boat or stop-and-go retrieve from the bank, this bait will do it all. During testing, the small size was very effective on a drop shot rig! Available in 9 and 11cm

Svartzonker McPerch Curly Real Series

NEW

Motoroil Perch

Real Perch

Real Pike

Real Roach

Real Trout

Smoking Hot Pike

McPerch Curly has a unique design that imitates a big tadpole, leach or fry. Perfect for dropshot, carolina or texas rigs or offset hooks or classic jigheads. Works straight retrieved or jigged. With its thin curlytail McPerch dances on the lightest move and drives perch and bass crazy.

Svartzonker McBeast

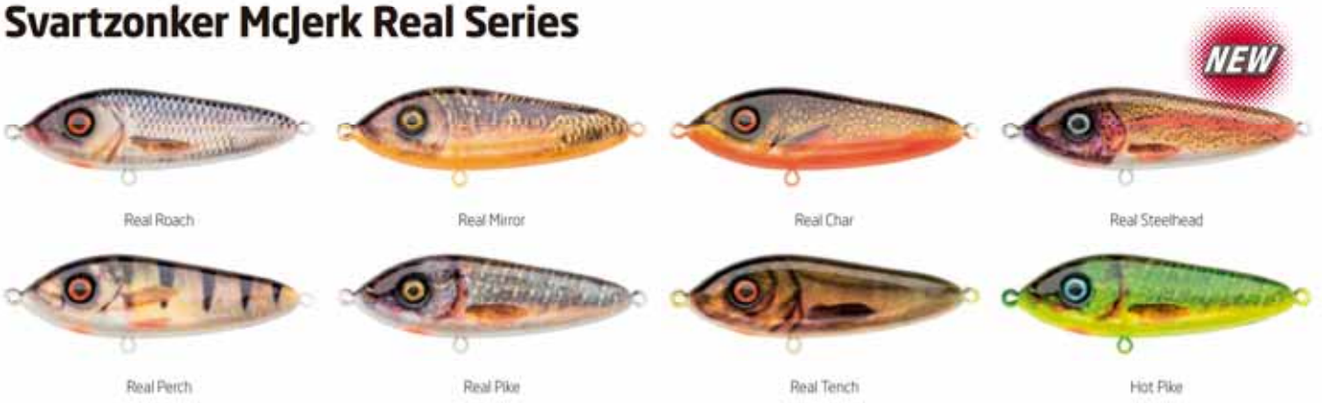

Glow Mackerel | Golden Shiner | Clown | Pink Tiger | Herring

The McBeast soft bait is perfect for big predators in deep water. It's made of soft, durable and high quality rubber. It's a perfect match to the Abu Garcia stingers with shallow screw or to be used with regular jig heads. McBeast swims with the slightest movement and easily targets bigger predators with its wide rolling swimming action. Can be used separately or as a replacement jig for the McBeast kit.

Svartzonker McJerk Real Series

McJerk is a super easy glide bait developed for tough pike and predatory fishing. McJerk can be used with any kind of gear when jerked or twiched dances it side to side wit a nice belly roll. And on straight retrieve it swims in wide S curves. It has short flashes on the sink/drop.

- Made from super durable ABS with stainless steel weights, Stainless steel wire through, premium splitrings and sharp hooks
- Slow sinking and fishes between 0-2 metres - 0-7 feet

Smoker Sawdust

For almost 50 years the Abu-smoker has been a quick and easy way to good fish dishes. It's made of enameled steel, with drip plate, smoke grill and lighter fluid container. It's also available in a larger variation, in stainless steel. Twice as big, just as simple. The smoke dust is made especially for the Abu smoke and gives a unique flavor to the fish. Enough for about 50 smoking.

Pro Spec Saltwater Mono Red

Berkley® ProSpec Saltwater monofilament is the next generation of monofilament fishing lines. Designed to be abrasion resistant and manageable on spinning gear, ProSpec SW mono is your go to long casting line for all saltwater applications.

- High performance long casting monfilament
- Low memory for extreme ease of use on spinning gear
- High knot strength and shock resistance

Trilene®100% Fluoro Professional Grade™

- The choice of the pros! - a fluorocarbon good enough to be called trilene®
- Optimal impact strength - Proprietary 100% PVDF formula specially processed for optimal impact strength
- Available in Green Tint - Reduces sparkle and flash
- Nearly Invisible - Similar refractive index to water so fish can't see it
- Excellent Manageability - Lower memory for superior casting

Trilene® Sensation

Professional grade Trilene Sensation has been trusted by our Berkley pro staff for more than a decade. With extreme strength-per-diameter, it is still flexible and manageable. This strength allows us to make it in smaller diameters for better lure action and castability. The breakthrough multi-polymer nylon formula has less stretch and holds more of its strength when wet compared to other nylon monos for sensitivity and control. A PROFESSIONAL GRADE MONO - EXTREME STRENGTH, SENSITIVITY AND CONTROL

- High linear and knot strength.
- High sensitivity.
- Easy to tie knots
- Low memory.
- Smooth

Berkley® Flicker Shad® Jointed

Berkley® Flicker Shad® performance with an even more exaggerated action. The Flicker Shad® jointed models feature a jointed tail for added tail wag – resulting in the most side flash and roll out of any Flicker Shad®. Each bait is individually tank tested ensuring this proven all-purpose trolling bait works right out of the package.

- Jointed construction for maximum rattle and roll action
- Individually tank tested
- Size, profile, and dive depth imitate real shad
- Features a slow rise
- Equipped with sharp Fusion19™ hooks

Berkley® Juke

Natural Herring

Black Silver Chrome

Green Mist

Pearl Vapor

Honey Shad

Firetiger

Chartreuse Shad

Midnight Pearl

Euro Perch

Pike

Berkley® paired its world-class bait design engineers with a team of pro-anglers which includes hard bait legend and expert, David Fritts, to simply create dream baits. These hard baits capture the essence and action of artfully handcrafted wooden baits with exactness and durability delivered in a synthetic bait. The balanced designs throw straight and far and are consistently ready to run right out of the package without tuning.

- Highly versatile bait entices strikes
- Long-distance Castability
- Shallow water jerk bait
- Suspending jerkbait with long-distance castability
- Crank it, Twitch it even Troll it for ultra-unique actions
- Flat baitfish profile for maximum Flash & Roll
- Designed to burn over shallow water
- Versatile -- twitch, jerk, pause, rip, burn and standard retrieves

Berkley® Dredger

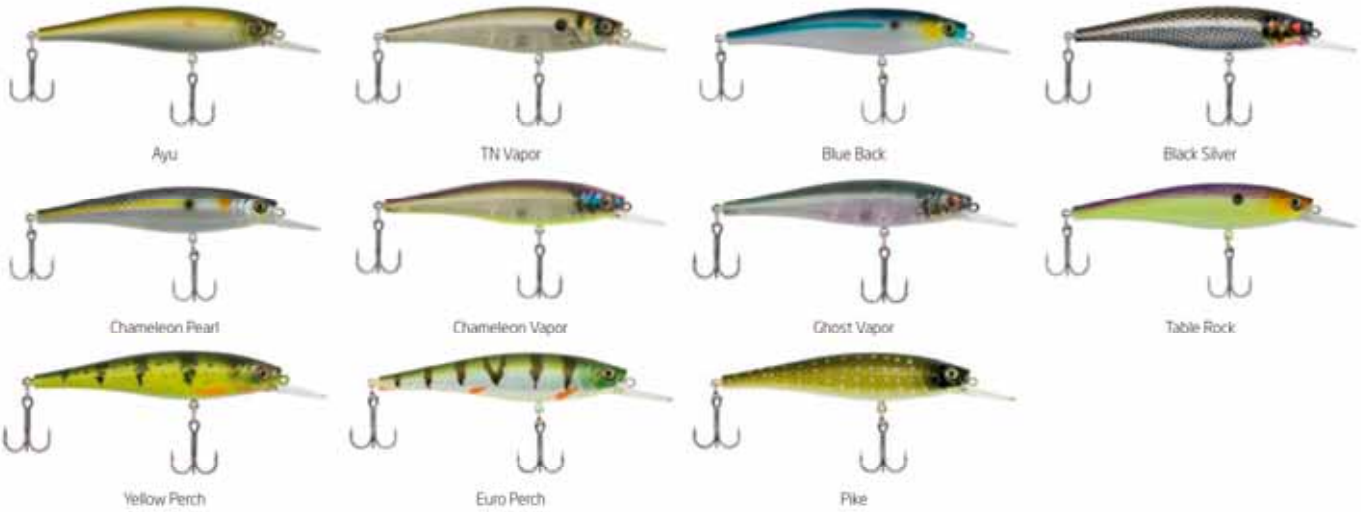

Berkley® paired its world-class bait design engineers with a team of pro-anglers which includes hard bait legend and expert, David Fritts, to simply create dream baits. These hard baits capture the essence and action of artfully handcrafted wooden baits with exactness and durability delivered in a synthetic bait. The balanced designs throw straight and far and are consistently ready to run right out of the package without tuning.

- Tight subtle action best for deep water fish
- Slow rise at pause
- Body shape and weighted bill drive bait deep to stay in the strike zone longer
- Great casting and easy to crank for less fatigue all day fishing

Berkley® paired its world-class bait design engineers with a team of pro-anglers which includes hard bait legend and expert, David Fritts, to simply create dream baits. These hard baits capture the essence and action of artfully handcrafted wooden baits with exactness and durability delivered in a synthetic bait. The balanced designs throw straight and far and are consistently ready to run right out of the package without tuning.

- Versatile -- twitch, jerk, pause, rip, burn and standard retrieves
- Suspending jerkbait with long-distance castability
- Lunges downward when jerked for added depth

Berkley® Powerblade

Rigorously field tested by the Berkley Pro Team, the Powerblade is the ultimate finesse blade proven to trigger bites in all conditions. The Powerblade is versatile enough to catch all predators such as zander, perch, pike, trout, chub and much more. Precision engineered to trigger more strikes, it emits a high frequency, fish attracting vibration with minimal rod action. On the drop, the Powerblade glides naturally through the water column enticing fish to follow it down and strike

- Laser cut stainless steel blade
- High frequency vibes
- Sharp hooks
- Super UV Accents

Baby Bass

MF Bluegill

Ghost Bluegill

Maverick

Crafted to deliver exciting top water action, the Berkley® Bullet Pop combines versatility and proven popper action. It's sleek tail weighted design provides excellent casting performance while the tapered back provides a flat surface for added flash. Not only does the Bullet Pop's cupped mouth deliver a classic spit and surface swell but its unique balance allows anglers of all skill levels to easily walk it with near 180 degree turns with minimal movement. The Berkley® Bullet Pop is ideal for both covering open water and targeting cover. Justin Lucas Pro Tip 80: Size and sound ideal for covering open water and targeting cover. Keep a tight line for a spitting action and a semi-slack line for a popping and walking action. Justin Lucas Pro Tip 70: All-purpose size and sound for a variety of situations. Keep a tight line for a spitting action and a semi-slack line for a popping and walking action. Justin Lucas Pro Tip 60: Perfect for ponds and calm conditions when fish are targeting smaller bait.

- Tail weighted design tuned for maximum casting distance
- Tapered back adds flash and surface disturbance
- Equipped with sharp Fusion19™ hooks
- Versatile, easy to use popping and walking action
- Subtle clicking sound to draw in fish

Ideal for calling fish up or situations with a slight chop, the Berkley® Cane Walker delivers the most surface disturbance of any Berkley® top water lure. With a loud rattling chamber, spitting cup, and long-distance casting ability – the Berkley® Cane Walker is sure to get their attention. Justin Lucas Pro Tip: Ideal for making long casts around schooling fish that can be hard to reach with other top waters.

- Lively side to side action with minimal effort
- Equipped with sharp Fusion19™ hooks
- Heavy tail weight for long-distance casting
- Aggressive sound and rattles for added attraction

Whether you are a weekend warrior or a seasoned pro, this classic top water lure is designed to deliver explosive top water action. Berkley® J-Walkers feature a sleek tail weighted design that has been refined through countless prototypes to provide casting distances while their hydrodynamic shape, precision balance point, and resting position allow for an easy walk the dog action that has been proven on the water. Topped off with Fusion19™ hooks, Berkley® J-Walkers are sure to impress anglers of all skill levels. Justin Lucas Pro Tip: An ideal lure for all top water scenarios. Twitch your rod tip on semi-slack line to walk the dog. Fish the J-Walker around shallow cover, submerged grass, or across deep water points.

- Attractive, easy to start walking action that can be worked at a variety of speeds
- Ideal action and sound for a variety of top water scenarios
- Tail weighted design tuned for casting distance
- Tapered back adds flash and surface disturbance
- Equipped with sharp Fusion19™ hooks

MF Bluegill

Ideal for finesse top water presentations, the Berkley® Drift Walker features a slim hydrodynamic profile and a long walking stride for those slick calm days. The tail weighted design provides long casts while the subtle clicking sound draws fish in from a distance. Complete with three sharp Fusion19™ hooks, the Berkley® Drift Walker will stick even the slightest top water strikes. Justin Lucas Pro Tip: Best suited for calm conditions when fish are targeting smaller bait and looking for a more finesse presentation.

- Slim profile and subtle sound for finesse presentations
- Equipped with sharp Fusion19™ hooks
- Tail weighted design tuned for casting distance
- Long stride walking action that is easy to start up

Berkley® Surge Shad

An extremely versatile lure, the Berkley® Surge Shad provides an exaggerated wobbling action that is ideal for fish actively feeding on the surface or those that are suspended. It's bill design has been tailored for multiple presentations. Simply reel it, twitch it, or aggressively jerk it – this silent lure excels in slightly calmer situations. Scott Suggs Pro Tip: Best suited for calmer conditions. Works well in deep or shallow water. Simply cast and retrieve for an attractive wobbling action.

- Multipurpose bill design
- FlashDisc™ integrated into belly for added attraction
- Exaggerated wobbling action
- Silent lure for calmer situations
- Equipped with sharp Fusion19™ hooks

Sexy Back

An extremely versatile lure, the Berkley® Jointed Surge Shad provides an exaggerated wobbling action that is ideal for fish actively feeding on the surface or those that are suspended. It's bill design has been tailored for multiple presentations. Simply reel it, twitch it, or aggressively jerk it – this louder and more aggressive version of the Surge Shad excels in a variety of situations. Scott Suggs Pro Tip: Best suited for muddier water or windy conditions. Works well in deep or shallow water. Simply cast and retrieve for an attractive wobbling action.

- Multipurpose bill design
- FlashDisc™ integrated into belly for added attraction
- Jointed tail for an exaggerated wobbling action
- Aggressive sound for added attraction
- Equipped with sharp Fusion19™ hooks

Berkley® WakeBull

MF Shad

MF Bluegill

SexyBack

Bone

Black Chrome

Ghost Bluegill

Black/Chartreuse

MF Firetiger

Danald

White Shad

Offering a tempting surface waking action at any speed, the Berkley® WakeBull combines the popular Squarebull body with a shallow pitched bill and tail wagging action. It's bill and well-balanced design not only allows it to deflect off surrounding cover but also allows it to be fished at higher speeds without blowouts. WakeBull's sound resonance chamber amplifies the knocking sound with each wag of the tail that entices the curiosity of surrounding fish. Scott Suggs Pro Tip: Ideal for use over shallow grass beds and wood. Steady reel or use a Stop and go retrieve to trigger strikes.

- Tapered back adds flash and surface disturbance
- Equipped with sharp Fusion19™ hooks
- Alluring tail wag at a variety of speeds
- Distinct one knock sound for added attraction

PowerBait® Pre-Rigged Giant Ripple

Ocean

Orange/Black

Firetiger

Smelt

Pike

Perch

Finally a prerigged version for those who want to make sure they use a correcty rigged Giant Ripple. But this one is more than another prerigged, it offers an exclusive system that allow a free 360° turning belly hock. It improves the catch rate by eliminating the leverage traditionnally used by the pike by the rigid connection between the lure body and a fixed stinger.

PowerBait® Drop Shot Minnow

Natural

Chartreuse

Perch

Ayu

Ocean

Pink

Native

Don't think it's only a drop shot lure! It's actually one of the most versatile baits in the whole assortment. Not only it is perfect for drop shot of course, thanks to its floating body, but it is also terrific on a simple jighead. The soft material produces a unique action, enhanced by the famous PowerBait formulation. The holographic foil, the 3D eyes, the micro glitters, strengthen the lifelike look and action to make it one of the most natural looking baits on the market. Available in 2, 3 and 4.5" A must have for all technical fishing situations for which translucency and lifelike action are key. Perch, trout, sanders, bass, seabass, roccfish... All of them have been at stake! Massively contributing to its validation!

- PowerBait scent
- 3D eyes
- Floating
- Holographic internal foil
- Lifelike action

Berkley® Flex Slim Shad

Natural | Lime | Pearl | Firetiger

The Slim shad has a special flat body to present a large silhouette without pulling too much on the rod, and keep a good penetration in the water. Its body has many ribs to enhance the vibes but also to better hold any attractant you want to apply. A must have in the small size for zander fishing, vertical style, and a clear target for pike and catfish, but also seabass and cod. We add a 4" size that will be perfect for zander fishing, as well as light pike fishing.

Pivot Frog

Brown Frog

Black Yellow

Green Frog

Orange Frog

FireTiger Gold

Sebile's Pivot Frog, available in a 2 1/2" size, adds some much needed innovation to the hollow frog category. Using the Gravity Hook System, a pivoting single wide-gap hook, allows the hook to freely rotate position. This allows for fewer snags and increases hook-up and landing ratios. Two hook systems are difficult to hook bass on but the Pivot Frog focuses all of the force applied by the angler on one hook point! Fish it in open water and in the slop, working the bait between pads while pausing intermittently.

- Soft body designed to collapse for maximum hook penetration
- Hook position keels the Frog making it more controllable during retrieve
- Sebile's Gravity Hook System employs a pivoting hook that optimizes snag free frog fishing and increases hook-up ratios
- Equipped with a round bend, wide-gap weighted black nickel hook
- Versatile design can be used in slop and also in open water

Flatt Shad Extra Heavy

Of course you may fish the Flatt Shad Extra Heavy practically any way that you d use a standard sinking Flatt Shad, so it will work the same way but deeper. When it is necessary to cast an extra long distance or it is difficult to cast against the wind, those are conditions that call for the Flatt Shad Extra Heavy too.

Onduspoon

American Shad

Black White Orange

FireTiger Gold

Green Back Ghost

Green Glitter

Golden Sucker

Natural Golden Shiner

Natural Perch

Natural Shiner

Orange Fleeing Prey

Pike

Red Head

A fluid, natural appearance, its mesmerizing undulation and multi-chambered hard plastic body filled with noisy rattle beads distinguish the SEBILE Onduspoon from all the rest.The Onduspoon is a hard plastic, noisy chattering spoon cleverly designed not to twist your line even when you burn it back or troll it. That's right, the Onduspoon's exceptional internal balance makes it immune to line twist.

Fast Cast

J05

J02

O

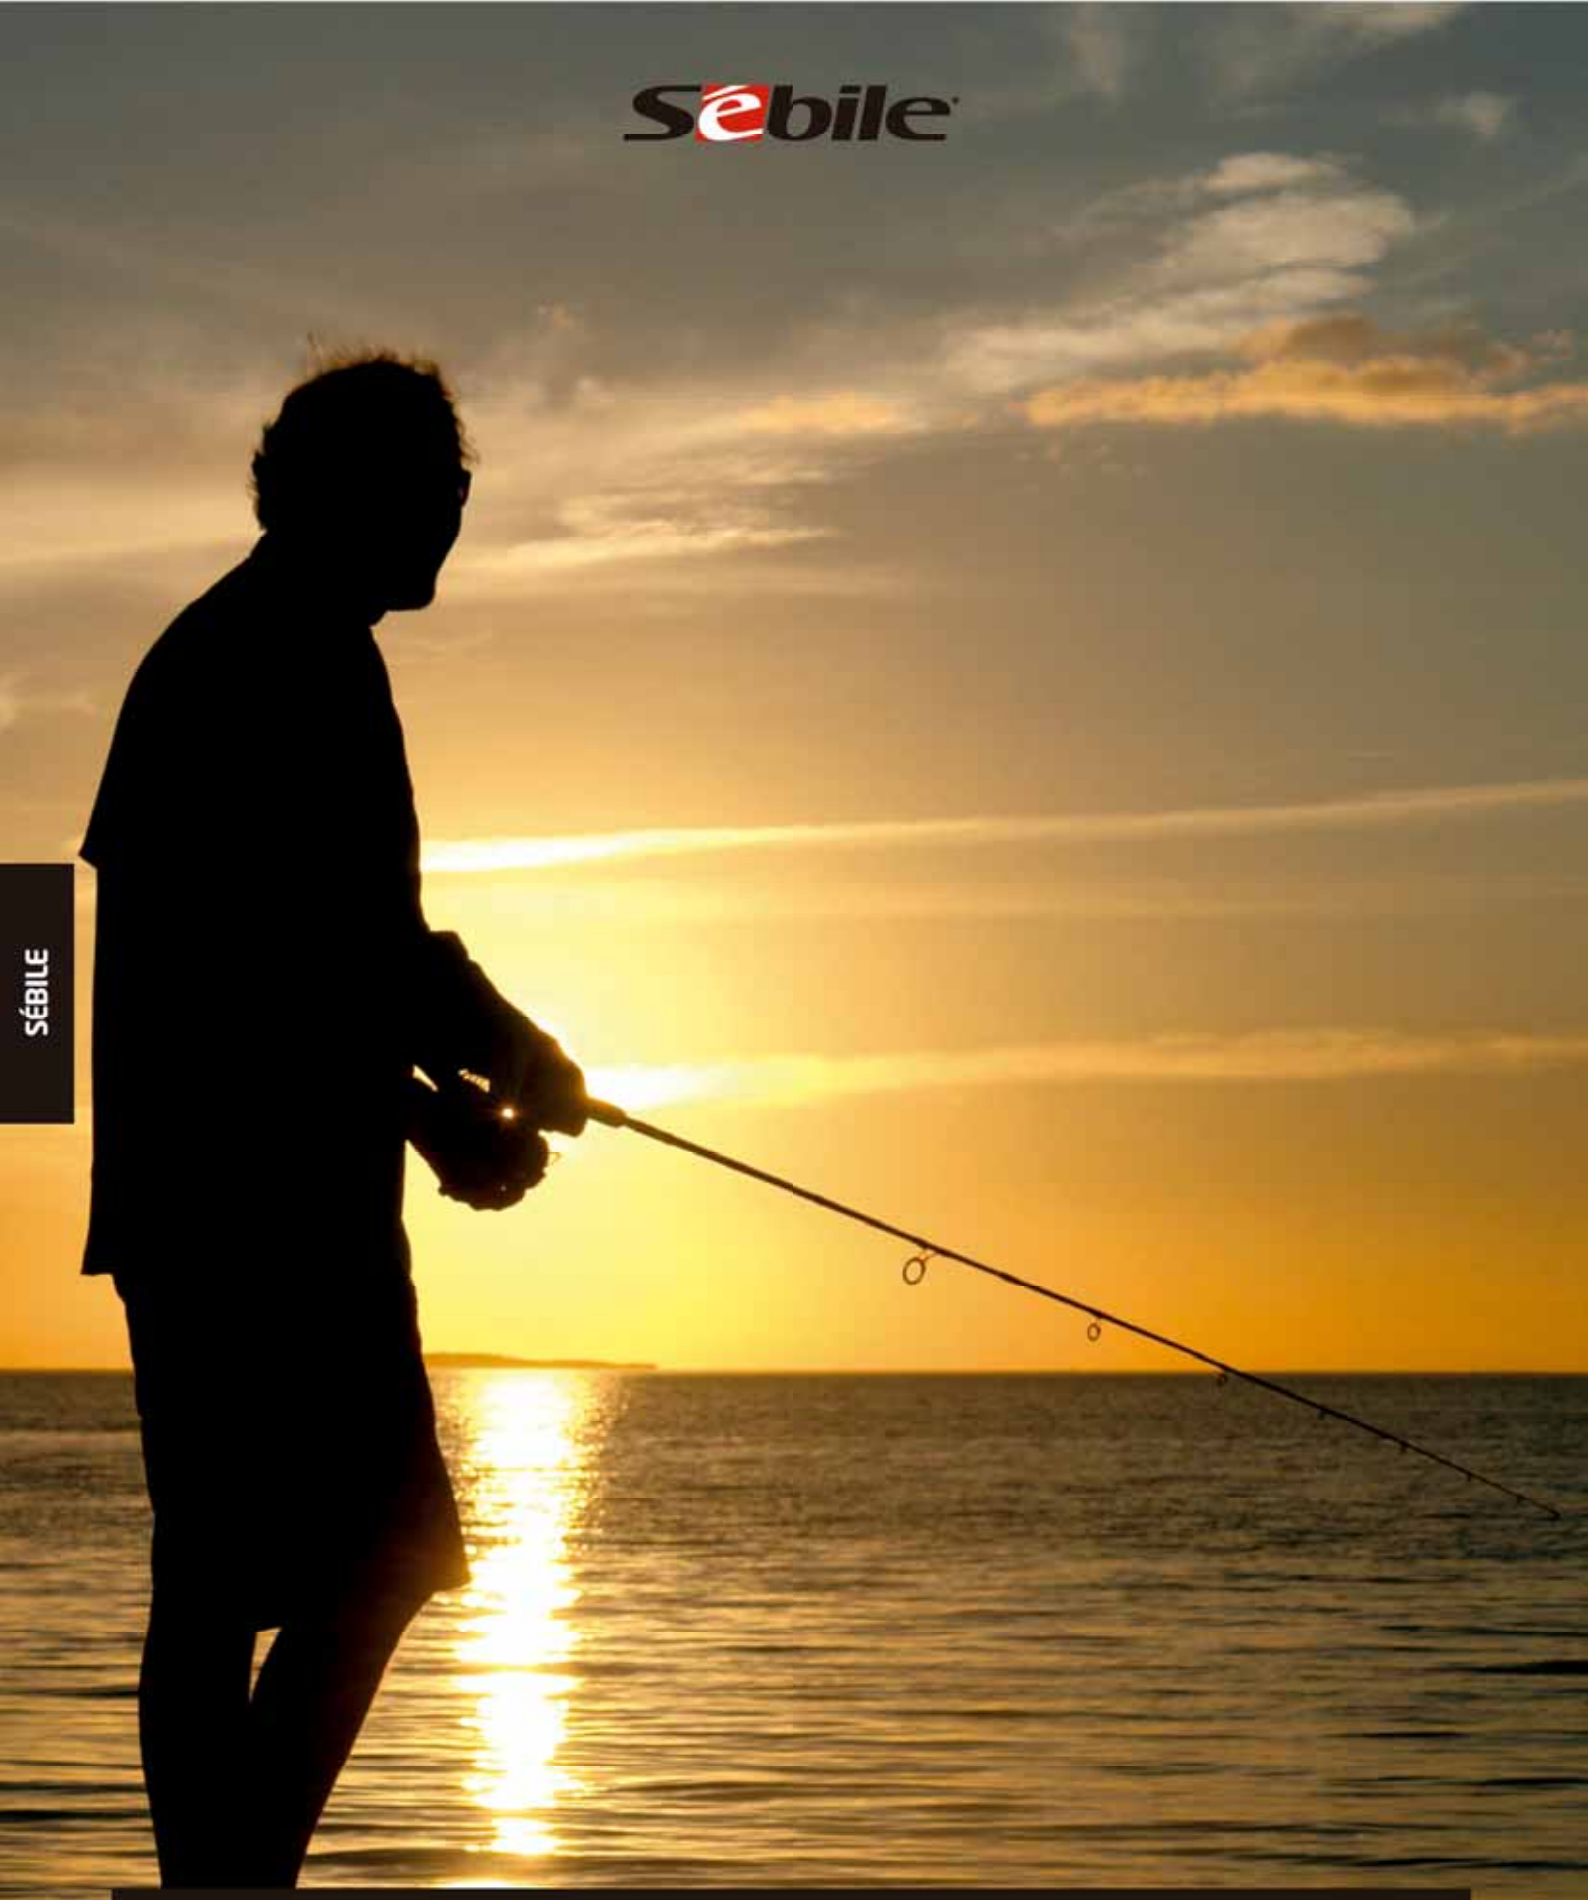

D9

PKS

The Fast Cast is all about achieving maximum distance. While casting distance is the primary goal of the Fast Cast, it is a valuable tool for trolling and vertical jigging too.When trolled, the erratic motion of the Fast Cast makes it flash and attract predators PLUS you have all the versatility that a heavy lure gives you to troll at a range of speeds and swimming depths.

SpiderWire Dura4 Braid Yellow

Spiderwire® Dura4Braid is a classic 4 carrier braid and is an unmatched value in high tech superlines. Dura4 Braid is super smooth and makes long & effortless casts possible. As with all Spiderwire® braids, Dura4 is super thin, super strong, and super sensitive, without being super expensive. Available in Low-Vis Green, Hi-Vis Yellow and Translucent.

- Four carrier construction
- Durable
- No stretch
- Very strong on diameter
- PE Fibers

Pointer Zexus ZX-130

Pequeño "Flasher" de seguridad con parpadeo intermitente. Se puede seleccionar el destello entre verde, azul o rojo. Indicado para mostrar nuestra posición en ausencia de luz diurna. Es resistente al agua y tiene una duración máxima de 30 horas.

23x72x23mm

Código	Euros
ZX130	18,95

Flasher SOS Zexus ZXS-130

Pequeña linternita de colgar mediante mosquetón. Ofrece una luz fija a modo de pequeña bombilla, muy útil como luz auxiliar o para focalizarla en una zona concreta, como por ejemplo, atar un señuelo sin alertar de nuestra presencia a los posibles peces de nuestro alrededor. Incluye la opción de luz en modo de socorro "SOS".

23x72x23mm

Código	Euros
ZXS130	19,00

Lámpara Frontal Sensor Switch ZX-270 BK

Dispone de un sensor "SENSOR SWITCH" a ambos lados de la lente que detecta el movimiento. Con tan sólo un movimiento de nuestra mano por delante del rostro, la lámpara se encenderá o apagará automáticamente a nuestra voluntad tantas veces como queramos. Detecta el movimiento hasta unos 30 cm de la lámpara. La inclinación de la carcasa es regulable y está forrada de goma. Tan sólo pesa 41g (3 baterías "AAA" no incluidas) y puede funcionar a máximo rendimiento con el súper led de 5w o con los leds sublaterales que ofrecen luz blanca cálida durante 50 horas. Es resistente al agua.

180 LUMENS · 50 HOURS · 3 AAA · 80 METERS · 120° WIDE BEAM · 100%–10% DIMMING · IPX4 WATER RESISTANT · SENSOR SWITCH

60x45x35mm

Código	Euros
ZX270	49,00

Lámpara Frontal ZX-260 BK

Este modelo tiene las mismas características que el modelo ZX-270 BK, pero al carecer de sensor de movimiento se han dispuesto dos led adicionales (4 sub led de 5mm + 1 Súper led de 5w en total) que ofrecen una intensa luz roja a modo de lector de mapas, muy interesante en las ocasiones que estamos cerca de la orilla y queremos pasar desapercibidos para los peces. Los 180 lumens a máxima potencia ofrecen una generosa e intensa luz en un amplio radio de 120º hasta una distancia de 80M.

180 LUMENS · 50 HOURS · 3 AAA · 80 METERS · 120° WIDE BEAM · 100%–10% DIMMING · IPX4 WATER RESISTANT

60x45x35mm

Código	Euros
ZX260	39,00

Lámpara Frontal ZX-700

- 2 Súper led de 8w.
- 400 lumens de potencia
- Alcance máximo de 160 m.
- Autonomía 5 horas a máxima potencia / 50 horas a mínima potencia.
- Peso 140 g.
- Función "Boost 10" provee durante 10 segundos de un 10% adicional de potencia.

Código	Euros
ZX700	69,95

Lámpara Frontal ZX-250 BK

Lámpara frontal muy cómoda y superligera, tan sólo 27g de peso (batería no incluida). Con 90 lumens genera luz suficiente para la mayoría de ocasiones alumbrando hasta los 65M de distancia y resulta muy económica de uso, ya que utiliza tan sólo una batería "AA". Funcionando únicamente con los led laterales tiene una autonomía de 30 horas y utilizando el foco principal con el súper led de 2w la autonomía es de 3 horas. La batería está incluida en el propio frontal, con lo que carece de carga trasera ofreciendo mayor comodidad de uso. Es resistente al agua y muy recomendable para los pescadores nocturnos de spinning.

Código	Euros
ZX250	37,00

Puntero Larga Distancia ZX410

Linterna puntero de bolsillo que concentra la luz en un haz muy cerrado para alcanzar la máxima visión a largas distancias. Ideal para cuando estamos alejados de nuestro puesto de pesca. Este pequeño modelo de bolsillo nos ofrece una potencia concentrada de 120 lumens hasta 113M de distancia. Funciona con tan sólo una batería "AA" durante 8 horas a la potencia máxima o durante 28 horas a la mínima. Puede llevarse en el bolsillo o colgarla del mosquetón o de la cinta que se ofrecen incluidos como ccesorios con la propia linterna.

29x109mm

Código	Euros
ZX410	26,00

Puntero Larga Distancia ZX420

Este modelo es muy similar al ZX410, pero con un súper led de 5w y sólo 127mm de largo es capaz de aportar una potencia de haz de 170 lumens a una distancia máxima de 216M.

38x129mm

Código	Euros
ZX420	29,95

CONDICIONES GENERALES DE VENTA

PEDIDOS

- El pedido se considera en firme y no será necesaria su confirmación por ninguna de las partes.
- Todos los pedidos se servirán bajo la garantía de CRÉDITO Y CAUCIÓN.

SERVICIO

- La empresa servirá la mercancía en función de su disponibilidad.
- Los portes serán pagados a partir de pedidos cuyo importe sea superior a 300 euros. Para aquellos clientes con pedidos de pre-campaña o implantación superiores de 7.000 euros, se les enviará a portes pagados los pedidos de reposición de más de 200 euros.
- Se cobrarán portes de los pedidos de piezas, recambios y reparaciones inferiores a 25 euros. Aquellos recambios que se envíen por correos, se cobrará su coste (aproximadamente 3 euros), y los que deban enviarse por UPS (6 euros).

FACTURACIÓN Y PAGOS

- La Empresa distribuidora ofrece diferentes sistemas de pago y financiación. El cliente y la empresa fijarán un sistema de plazo de pago, el cual se registrará en la ficha de cliente.
- Sea cual fuere el sistema de pago acordado, éste vendrá señalado en cada factura emitida. En caso de error por parte de la empresa en el sistema de pago asignado a la factura, el cliente deberá notificar su disconformidad en un plazo inferior a 15 días desde la fecha de facturación. En caso de no recibirse notificación alguna, se entenderá que el cliente acepta el sistema señalado en la factura.
- Todos los pagos se realizarán por recibos domiciliados en la entidad bancaria señalada por el cliente en el pedido, y que se registra en la ficha del cliente. Si el cliente desease modificar el domicilio de los recibos, deberá hacerlo mediante fax y siempre antes de 30 días previos al vencimiento del recibo, para poder ser modificado. El cambio de domiciliación no constituirá una causa justificada para su devolución si no hubiera sido notificado de la forma señalada.
- Se establece un descuento por pronto pago-anticipado del 2,5%, solamente cuando el cliente efectúe el pago antes de la salida de la mercancía.
- Todos los gastos ocasionados por la devolución de recibos y su correspondiente nueva emisión, cuyo origen no fuera atribuible a la empresa serán facturados al cliente. Los giros impagados tendrán un 7% de gastos por devolución, con un mínimo importe de 12,50 euros. Los impagos de larga duración devengarán un interés del 12%.

DEVOLUCIONES-REPARACIONES

- No se aceptará ningún tipo de devolución de producto excluyendo aquellos que sean por motivos de garantía.
- En caso de devoluciones por material defectuoso que requiera la intervención de la garantía, el cliente deberá contactar con la empresa y solicitar permiso para hacer la devolución, y ésta dará las instrucciones a seguir. Se deberá exponer detalladamente el motivo de la devolución, indicando el nº de factura o albarán y la fecha.
- En caso de reparaciones, el cliente deberá exponer detalladamente cual es el problema del carrete u otro producto y/o las piezas a substituir en caso de que lo sepa, previa revisión del carrete por nuestro mecánico.

ABONOS

- El importe de los abonos será siempre acumulado y descontado en la siguiente factura emitida del cliente, una vez realizada la anotación en la cuenta corriente del cliente.
